

Permanent Disabled Parking Identification Permit Information and Application

MV2548 5/2014 s.343 Wis. Stats.

Are you eligible?

Any person certified by an authorized health care specialist as having a **permanent** disability is eligible for the Disabled Parking Identification (DIS ID) permit. By legal definition, this includes any person who:

- ► Cannot walk 200 feet or more without stopping to rest.
- ► Cannot walk without the use of, or assistance from, another person or brace, cane, crutch, prosthetic device, wheelchair or other assistance device.
- ▶ Is restricted by lung disease to the extent that forced expiratory volume for one second when measured by spirometry is less than one liter or the arterial oxygen tension is less than 60 mm/hg on room air at rest.
- ► Uses portable oxygen.
- ► Has a cardiac condition to the extent that functional limitations are classified in severity as class III or IV, according to standards accepted by the American Heart Association.
- ► Is severely limited in the ability to walk due to an arthritic, neurological or orthopedic condition.

DIS ID permit use

A DIS ID permit must be hung from the interior rearview mirror of a motor vehicle when parking in a space reserved for persons with a physical disability. A person who displays a DIS ID permit on their vehicle:

- May park in spaces marked by official traffic signs reserving the space for vehicles displaying VET or DIS plates or a DIS ID permit.
- ► Is exempt from any parking ordinance imposing time limits of one-half hour or more and is subject to the laws relating to parking.
- ► May park at a municipally-owned/leased lot without payment in metered spaces when the time limit is one-half hour or more. Payment may be required for privately-owned parking lots or those with an attendant.
- ▶ May obtain fuel from a full-service pump at the same price as fuel from a self-service pump at locations with both types of services, if the driver is the person with the disability. The driver of the vehicle must ask for the same price as charged for fuel dispensed from a self-service pump. The retailer is not required to provide any other service that is not provided to customers who use a self-service pump.

Misuse of DIS ID permit

- ► Any person who fraudulently obtains, makes, alters, reproduces or duplicates a DIS ID permit may be fined up to \$500.
- ► Operating a motor vehicle when a DIS ID permit is hanging from the rearview mirror is a safety hazard and creates an obstruction to a driver's clear view through the front windshield. Violators may be fined up to \$100.
